Training volunteer to support the informal caregiver

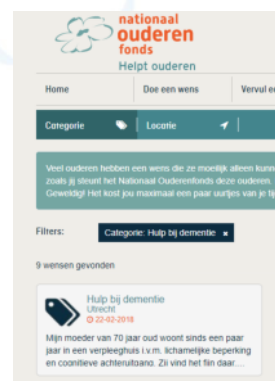

Attention for dementia – Support in dementia

Support in dementia

Real Stories

‘My husband has early dementia and Parkinson. He would really like it if someone comes to walk with him every week. He really likes it.’

‘My name is T and I’m 35 years old. I work in the disabled care. So I know how important volunteers can be. I like to spend time with my dog in the park, maybe a elderly with dementia would like that too.’
